HELP SHAPE THE FUTURE OF OUR PARKS

The City of Three Rivers is updating its Parks and Recreation Plan, a five-year roadmap for future improvements, programs, and investments across its parks, facilities, and trails. The plan will shape the parks residents love, the spaces that need work, and the amenities the community would like to see next, from trails and playgrounds to splash pads, improved park facilities, and enhanced recreational opportunities.

Community input will guide the plan's priorities. Sharing your ideas will help the future of Three Rivers parks!
