## **PUBLIC NOTICE**

The City of Three Rivers water tower will be out of service beginning Tuesday May 9 for exterior painting. It is expected to return to service on May 26, weather dependent.

While the tower is out of service, the system runs on pressure with the wells. As a result of running our system in this manner, water may become rusty and pressures may be variable. The variable pressures are expected to occur while the tower is out of service.

If a system pressure loss is experienced during this project, we will have to issue a boil water notice. If a notice has to be issued, we will do so thru the newspaper, WLKM/WRCI, City's website [www.threeriversmi.org](http://www.threeriversmi.org), and Facebook page "Three Rivers City Hall"

If you have any questions, please call the Department of Public Services at 273-1845.
